

California Regional Water Quality Control Board  
North Coast Region

RESOLUTION NO. R1-2001-105

FOR

MURRISH AND ASSOCIATES  
OLD WOOLEN MILL SITE  
1400 BROADWAY  
EUREKA

Humboldt County

- WHEREAS,** on September 5, 2000, Murrish and Associates submitted a Remedial Action Plan to the California Regional Water Quality Control Board, North Coast Region, for on site reuse of stockpiled soil contaminated with petroleum constituents, chromium, lead and other heavy metals. The Remedial Action Plan describes the measures to be implemented to contain residual contamination on site, including soil disposal and encapsulation, site restrictions and long term maintenance; and
- WHEREAS,** Water Code Section 13260(a) requires that any person discharging waste or proposing to discharge waste within the Region, other than to a community sewer system, that could affect the quality of the waters of the State, shall file a report of waste discharge; and
- WHEREAS,** an Application/Report of Waste Discharge has been filed with the Regional Water Quality Control Board and all applicable fees have been paid; and
- WHEREAS,** the Regional Water Quality Control Board has assumed the lead agency role for this project under the California Environmental Quality Act and has conducted an Initial Study in accordance with Title 14, California Code of Regulations, Section 15063, entitled Guidelines for the Implementation for the California Environmental Quality Act; and
- WHEREAS,** mitigation measures included in the project and identified in the Negative Declaration are expected to reduce impacts to the environment to a less than significant level; and
- WHEREAS,** copies of the Initial Study and proposed Negative Declaration were transmitted to all agencies and persons known to be interested in this matter; and
- WHEREAS,** comments, if received, have been addressed; and
- WHEREAS,** the Regional Water Quality Control Board considered all testimony and evidence at a public hearing held on August 23, 2001 in Santa Rosa, California, and good cause was found to approve the Initial Study and adopt a Negative Declaration; and

THEREFORE BE IT RESOLVED, that the California Regional Water Quality Control Board, North Coast Region, approves the Initial Study and Mitigated Negative Declaration for Waste Discharge Requirements for on site soil disposal described in the Remedial Action Plan for the Old Woolen Mill site at 1400 Broadway, Eureka, California.

Certification

I, Susan A. Warner, Executive Officer, do hereby certify that the foregoing is a full, true, and correct copy of a Resolution adopted by the California Regional Water Quality Control Board, North Coast Region, on August 23, 2001.
